

## “Shell Model”

After 30 years of manufacturing the most durable, lightest weight, lowest profile, all welded aluminum “flex-frame” Pop-Up Camper in the RV industry, we have added a shell model. This model allows our customers to finish the interior to meet their specific needs or simply to provide shelter from the weather, a comfortable place to sleep, and lots of room for storage.

**\$ 6495.00**

### STANDARD FEATURES INCLUDE:

1. Queen size pull-out cab-over bed
2. Two double interior ceiling lights
3. Large passenger side louvered window
4. Front sliding window
5. Outside porch light
6. Roof vent
7. Finished interior walls and floor
8. Two (2) Overhead storage units
9. Fire Extinguisher

The Four Wheel Pop-Up Camper Shell is available in all models that fit virtually all truck applications. The Grandby Shell, which fits full size, long bed trucks, weighs only an amazing 580lbs. The Shell model for mini trucks is around 530 lbs. Yet all shell models have the same construction that allows the camper to flex with the torque generated by the bed of the truck while still maintaining its structural integrity.

A full variety of options are available to assist our customers in creating a camper that best suits their particular needs. Special options are also available for the shell models, due to the open interior, such as a driver's side louvered window, a couch/bed installed on the driver's side or passenger's side, an icebox or furnace, storage closet, etc.

For prices and a full description of what can, and cannot, be accommodated on the shell models please call or e-mail us ...

On the following page, examples of different floor plan layouts are provided to help identify some of the special options and how they can be applied to different shell models. We welcome an opportunity to discuss your specific needs and ideas. Given our 30 years of experience in manufacturing the Four Wheel Pop-Up Campers, we can help you identify and understand the specific limits involved, and the most effective and cost saving way to accommodate your needs.
